

Hamilton Community Choice Aggregation Program

Dear Hamilton Electricity Customer,

The Town of Hamilton is offering Hamilton Community Choice Aggregation (Hamilton CCA), which provides new Town-vetted options for electricity supply. National Grid will continue to deliver your electricity, however, the electricity supplier was chosen by the Town of Hamilton through a competitive bid process that leveraged the bulk-buying power of our community, understanding that savings cannot be guaranteed.

You will be automatically enrolled in the Hamilton CCA product, “Local Green,” as of your next available electricity meter read, unless you choose one of our optional products or choose to opt out.

To opt out and avoid automatic enrollment in the Hamilton Community Choice Aggregation Program, you must do one of the following before September 9, 2023:

mail and postmark the enclosed opt-out card

OR

call Constellation at (833) 461-0810

OR

submit the opt-out form at HamiltonCCA.com

Participants may also opt out of Hamilton Community Choice Aggregation at any time during the Program without penalty. Please read further to learn more about Hamilton CCA.

— Victoria A. Masone, P.E., Energy Manager, Town of Hamilton

HAMILTON CCA GOALS

Renewable Energy

Hamilton CCA’s standard product includes more renewable energy certificates, known as Massachusetts Class I RECs, than required by the Commonwealth. This means you are helping to support the growth of renewable energy in our region. Optional products that include a higher amount of renewable energy certificates are also available and described below.

Electricity Choice

Hamilton CCA offers different electricity supply choices with different levels of renewable energy certificates to match your budget and climate goals.

Competitive and Stable Prices

All Hamilton CCA prices are fixed through December 2023, whereas National Grid Basic Service prices change every six months for Residential and Commercial customers, and every three months for Large Commercial and Industrial customers. Hamilton CCA offers options that are intended to be price competitive with National Grid Basic Service, however, **savings cannot be guaranteed**. This is because Basic Service rates are not known for the entire period of Hamilton’s contract and may therefore be above or below Hamilton CCA rates in any given period.

HAMILTON CCA OPTIONS

Standard Product

- 1 Local Green:** This is the **standard product** that you will be automatically enrolled in if you do nothing. It includes five percent (5%) more renewable energy certificates than required by Massachusetts. This product helps you be a climate leader, while still focusing on competitive prices. The goal for this product is to be equal to, or lower than, average National Grid Basic Service rates over Hamilton’s contract term. However, as Basic Service rates change, **savings cannot be guaranteed** for any given period.

Other Products

Hamilton CCA also offers optional electricity products, each with differing amounts of renewable energy certificates relative to state requirements. To enroll in any of these optional products, you must contact the supplier, **Constellation**, at (833) 461-0810, or sign up on the aggregation website: HamiltonCCA.com.

- 2 100% Local Green:** This is an **optional product**. It includes renewable energy certificates (MA Class I) equal to one hundred percent (100%) of a customer’s electricity consumption. It also meets all renewable energy standards set by the Commonwealth.
- 3 50% Local Green:** This is an **optional product**. It includes fifty percent (50%) more renewable energy certificates (MA Class I) than required by the Commonwealth.
- 4 Basic:** This is an **optional product**. It includes the minimum amount of renewable energy certificates (MA Class I) required by the Commonwealth.

GREEN & LOCAL

Products described as Green contain additional Renewable Energy Certificates (RECs) above that required by MA law. The additional RECs qualify for MA Class I designation and come only from solar, wind, anaerobic digestion and low impact hydro. Local means 100% of the additional RECs are sourced from New England.

HAMILTON CCA PRICING

| | Electricity Supply Product | Renewable Energy Certificates (RECs) | Residential | Commercial | Large Commercial and Industrial (C&I) | Price Period |
|-------------------|-----------------------------|---|---------------|---------------|---------------------------------------|---|
| Hamilton CCA | Local Green (standard) | 5% greater than MA Class I requirements | \$0.11206/kWh | \$0.11206/kWh | \$0.11206/kWh | September 2023 - December 2023 Rates apply to service beginning and ending on the days of the month that your meter is read. |
| | 50% Local Green (optional) | 50% greater than MA Class I requirements | \$0.12713/kWh | \$0.12713/kWh | \$0.12713/kWh | |
| | 100% Local Green (optional) | MA Class I RECs equal to 100% of customer's metered consumption | \$0.14388/kWh | \$0.14388/kWh | \$0.14388/kWh | |
| | Basic (optional) | meets minimum MA Class I requirements | \$0.11038/kWh | \$0.11038/kWh | \$0.11038/kWh | |
| What You Have Now | National Grid Basic Service | meets minimum MA Class I requirements | \$0.14115/kWh | \$0.13393/kWh | NEMA \$0.10568/kWh | May 1, 2023 - October 31, 2023 Residential and Commercial* August 1, 2023 - October 31, 2023 Large C&I* |

***No guarantee of savings.** National Grid Basic Service rates for electric supply change every six months for Residential and Commercial customers, and every three months for Large Commercial and Industrial customers. National Grid Basic Service rates may be above or below Hamilton CCA rates for customers during any given period. Program prices could also increase as a result of a change in law that results in a direct material increase in costs during the term of the electric supply contract.

Rates indicated above are for Supply Services only. Commission fee for all Hamilton CCA products is included in above rates. This fee is \$0.001/kWh for the aggregation consultant. Rates also include taxes which are billed as part of the power supply charge.

HAMILTON CCA PARTICIPATION

To enroll in the Hamilton CCA Local Green product, you do not need to take any action. To enroll in an optional Hamilton CCA product, contact the supplier, Constellation, or use the online form at HamiltonCCA.com. If you don't wish to participate, mail and postmark the enclosed opt-out card on or before **September 9, 2023** to avoid automatic enrollment in the Hamilton CCA Program.

Budget Plan or Eligible Low-Income delivery rate consumers will continue to receive those benefits from National Grid.

Solar Electricity Consumers will not be impacted and will continue to receive their net metering credits while participating in the Program.

Exit Terms for Basic Service: There is no penalty charge for leaving National Grid's Basic Service, however, Industrial customers (G-2 and G-3) may receive a reconciliation charge or credit. If you have already chosen a Green Power supply option on your own, you must opt out of this Program. This will ensure you continue to receive your electricity from that Green Power Supply.

You can leave the Program any time after you have enrolled, with no early termination fees. If you leave the Program, your account(s) will be returned to National Grid's Basic Service on the next available meter read.

How to access information about Basic Service: visit www.mass.gov/info-details/basic-service-information-and-rates, or call National Grid at (800) 322-3223.

If you are receiving electricity supply from a competitive supplier and believe you have received this opt-out letter in error, you must sign and return the enclosed opt-out card. This will ensure you continue to receive your electricity from that competitive supplier and prevent any possible early termination fees.

Tax-exempt small business customers must provide a copy of their Energy Exemption Certificate directly to Constellation via email at CNETaxForms@constellation.com, fax at (877) 243-4968, or mail at Attn: Tax Team, 1001 Louisiana Street, Suite 2300, Houston, TX 77002, in order to maintain their tax-exempt status.
